I. CALL TO ORDER

Chairman Mobley called the meeting to order at 6:00 PM.

II. ROLL CALL

Chairman:	Van Mobley	
Commissioners:	Mike Dyer	Sarah Hughes
	Rick Gattoni	Ken Kucharski
	Carol Gengler	Dan Luedtke
Administrator:	Colleen Landisch-Hansen	
Planner:	Jon Censky	
Director of Community Services/Public Works:	Andy LaFond	

III. BUSINESS

- A.** Approval of Minutes
1. April 14, 2020

MOTION by Commissioner Luedtke, **SECONDED** by Commissioner Kucharski to approve the April 14, 2020 Plan Commission Minutes. **MOTION CARRIED UNANIMOUSLY.**

- B.** Review and approval of Playset, Adam Brotherhood, 706 Grand Avenue

Applicant Adam Brotherhood, 706 Grand Avenue, was present online. Mr. Brotherhood described the project. The playset will have a small frame with neutral colors and include two swings, a deck, a slide and a net ladder on the back. Mr. Brotherhood would like to place the playset on the side lot because it is the biggest portion of their yard.

Plan Commission Minutes
May 12, 2020
Page two of four

Planner Censky reported that playsets have been regulated the same as accessory structures which must be in the rear yard. In this case, given the specifics of the lot and the approval of Mr. Brotherhood's neighbors, Planner Censky has no issues with the placement of the playset.

Director LaFond stated that this type of structure is approved at staff level, however, due to the placement of the playset being in the side yard it was brought before the Plan Commission for review.

MOTION by Commissioner Gengler, **SECONDED** by Commissioner Luedtke to approve the Playset, Adam Brotherhood, 706 Grand Avenue. **MOTION CARRIED UNANIMOUSLY.**

C. Review and discussion regarding Noise Ordinance and Outdoor Seating

Director LaFond presented a memo proposing amendments to the Village noise ordinance that stemmed from a meeting regarding a Conditional Use Permit at a local beer garden. The Village would like to create some consistency considering the number of requests to extend hours for music. The Village's current noise ordinance has no times associated with it. Staff is seeking feedback on the proposed hours. The Village Attorney and Planner Censky are also reviewing the memo. Staff has discussed the memo with Commissioner Kucharski and appreciates his input both as a Trustee and a business owner in the district.

The aim of the ordinance revisions are to provide clarity to the ordinance as it pertains to patios, live music and events in the business district, provide a schedule of acceptable times for these activities and reduce the amount of recurring special requests to the Village Board. Even though there is nothing detailed in the ordinance, past practice has been to ask for special permission for events past 10:00 PM.

Past practice has been that businesses were told 10:00 PM end time for noise, and some were told midnight. For municipal construction projects, contractors are told 7:00 AM to 7:00 PM. Any event with noise going past 10:00 PM is when a business would request permission to go later from the Village Board.

Proposed is a time change to 6:00 AM for commercial deliveries to assist businesses with deliveries and have dumpsters emptied before traffic picks up at 7:00 AM. Some complaints pertaining to snow removal have been made as well. A change is being proposed that allows normal snow removal activities within 24 hours of the end of a snowfall or ice accumulation which is in line with our snow removal ordinance.

Proposed is that an outdoor music venue can operate from May 1 to the Thursday before Memorial Day from 10:00 AM to 10:00 PM; from Memorial Day to Labor Day (Sunday through Thursday) from 10:00 AM to 10:00 PM; and then Fridays and Saturdays 10:00 AM to 10:30 PM, 11:00 PM or midnight – to be discussed. From Labor Day to October 3, the permitted time would be 10:00 AM to 10:00 PM. The proposal asks businesses to provide a schedule and a site plan at the beginning of the season. Patios and beer gardens could operate from 7:00 AM to midnight without amplified sound. Consideration is being made to cover future businesses not yet in existence in the Village or current businesses that want to include live music.

Director LaFond added that he has looked at similar ordinances from other municipalities. Some include decibel limits of 85 or 75 at the lot line, however, this is hard to enforce. Also, considered is allowing businesses to make special requests twice a year for a special event even if the establishment changes ownership.

The Village Attorney and Chief of Police will review and consult on enforcement.

Commissioner Dyer stressed consistency is the problem. Commissioner Hughes believes ending music by 11:00 PM is reasonable.

Commissioner Gattoni referenced the recent request by the baaree to extend hours and added that a decibel limit becomes very arbitrary. Turning speakers the other direction may not always help and a level of 75 decibels is equivalent to the sound made by a dishwasher. Commissioner Gattoni favors allowing music in the area and added that the Police Department should have specific equipment to measure noise levels.

Commissioner Kucharski stated that 85 to 89 decibels is similar to the music in the tent at Lionfest. Commissioner Kucharski suggested that the ordinance should include specifics about the meter that will be used to measure sound levels. Commissioner Kucharski supports ending music at 10:30 PM to be respectful to nearby residents and uniform patio hours which makes a level playing field for all businesses in the area.

Enforcement of the noise level is a concern of Commissioner Gattoni.

Commissioner Gengler voiced concern that if a 10:30 PM ending time is established that the music will go on until 11:00 PM. Commissioner Gengler also added that many neighbors do not call to complain because they don't want to be on a list of complainers. Commissioner Gengler agrees with Commissioner Hughes' idea of ending music at 11:00 PM and that adopting good guidelines is a necessity.

Commissioner Luedtke favors a 10:30 PM end-time for the music because it will take additional time to take down equipment and supports sitting outside later.

Commissioner Kucharski commended Village staff for putting a lot of work into the proposed noise ordinance.

Director LaFond clarified that the proposed ordinance allows music until 10:00 PM each day of the week with Fridays and Saturdays until 10:30 PM or 11:00 PM.

Commissioner Kucharski suggested that the Plan Commission could review the decibel guidelines in the ordinance after everyone has some experience with how it works.

D. Review and discussion regarding Small Business Temporary Measures During Social Distancing Restriction

Director LaFond stated that the Village would like to do whatever it can to help small businesses get back on their feet in light of the health pandemic. The Village will accommodate requests for tents, banners and signs, extending patio sizes and other temporary measures that will assist businesses with more flexibility during this time. Approvals would be conditional with an end date or a review date in September.

Planner Censky indicated that other communities are taking similar steps. For instance, the City of Cedarburg gave additional approval to allow staff to approve some requests and directed police to ease up on enforcement.

Commissioner Gengler appreciates the thought process of Village staff. Chairman Mobley added the Village is trying to work with everyone and make the best of the situation.

Plan Commission Minutes
April 12, 2020
Page four of four

Scott Shully, Shully's Cuisine & Events, 146 Green Bay Road, was present. Mr. Shully appreciates that the Plan Commission and Village Board are being proactive. Much of Mr. Shully's catering business has been lost through much of the summer because of the pandemic. Mr. Shully' stated that it is refreshing to hear the Village discuss the situation in a manner that is proactive to business. Mr. Shully appreciates the support and efforts that the Village is taking to help businesses.

Chairman Mobley stated that the Village wants everyone to stay safe and also wants businesses in the Village to succeed. The Village will be flexible to help them.

All applicants or their contractors must be present for any approvals.

IV. STAFF REPORT

Director LaFond indicated there was nothing additional to report.

V. BUSINESS FROM THE FLOOR

Open to any citizen who wishes to speak on items not on the agenda. Please step to the podium and give your name and address for the record.

Commissioner Hughes inquired if Lionfest is going on as planned. Commissioner Kucharski reported that the Lions have a meeting scheduled this evening and expects a decision will be made tonight.

In regards to the Village Market, Director LaFond expects this will proceed with more spacing and other rules that will be put in place before the event begins for the season. Also, the Village Market will start two weeks later than originally planned.

Commissioner Gattoni noted that the Memorial Day parade has been canceled.

VI. ADJOURNMENT

MOTION by Commissioner Dyer, **SECONDED** by Commissioner Gattoni to adjourn the meeting at 6:44 PM. **MOTION CARRIED UNANIMOUSLY.**

PRO HEALTH CHIROPRACTIC CLINIC SIGN PLAN

To: Thiensville Plan Commission

Prepared by: Jonathan Censky, Village Planner

Date: June 10, 2020

Item No. III. B.

General Information

Applicant:

Dr. Eric Stanenas

Status of Applicant:

Property Owner

Requested Action:

Sign Plan Approval

Zoning

B-3 Office District

Proposed Zoning:

No Change

Location:

407 N. Main Street

Land Use Plan Designation:

Business

Existing Land Use:

Vacant Medical Building

Report:

The applicant proposes to replace the graphics on their existing sign for his business identification signage and to add space for two tenants below. The new graphics are code compliant with a dark background where light shines only through the lettering and logo. This sign is located off the northeast corner of the clinic and measures 4' high by 6' wide.

Staff Comment:

Staff notes that this sign is in full compliance with the dimensional requirement of the Sign Code and therefore approval is recommended subject to:

- The applicant securing a sign permit prior to conversion.

SIGN REVIEW APPLICATION - \$150.00 FEE
Please Allow Two (2) Weeks for Sign Review

received 5/8/20
receipt #59802

THIS APPLICATION BEGINS THE REVIEW PROCESS BY OUR PLANNING CONSULTANT JON CENSKY WHO PERFORMS INITIAL REVIEW OF THE SIGN(S). The sign specifications must be submitted to the Village Hall at least 2 weeks prior to the Plan Commission and/or the Historic Preservation Commission meeting for review by Jon Censky. If in the Historic District, you must attend a Historic Preservation Commission meeting prior to Plan Commission.

Mr. Censky will review the sign(s) to see if they meet the Village Sign Code requirements and make a recommendation to the Plan Commission via a written report. At this time **SEVEN (7) FULL SIZE COPIES OF THE COLORED SIGN GRAPHICS AND ONE SCALE SITE PLAN** are required in addition to submittal of the **SIGN PERMIT APPLICATION** form to the Village Hall, 250 Elm Street, Thiensville two weeks prior to the meetings. Additional copies may be required upon request from Village staff.

Contractor MARSHALL SIGN Address W6415 OAK VIEW LANE PLYMOUTH, WI E-mail info@marshallsign.com

Contractor Phone 920.526.3100 Contractor Fax NONE

Estimated Project Cost: \$ 3200.00

Sign(s) requested: (check all that apply) ☐ Wall ☐ Monument ☐ Projecting

☐ Marquee, Awning or Canopy ☐ Sandwich Board ☐ On-site Directional Signs

Colored plans must include a scaled sketch of the proposed sign labeling dimensions and area, lettering (including height), colors, types of materials, method of illumination, height and dimensions of the pole or mounting bracket, and date of preparation. A summary of all existing signs that will remain on the site (including dimensions) is also required. Color and material samples must be provided for sign review.

Wall Sign, Marquee, Canopy or Awning Sign proposals must specify building elevation or a photograph of the façade on which it will be located, including a dimensioned shape showing where the sign will be placed and what size it will be.

- * Ground Mounted Signs and On-Site Directional Sign proposals require submittal of a scaled, dimensioned site plan, plot plan, or survey showing the proposed sign location in relation to driveways, parking areas, sidewalks, property lines, streets, and other signs on and within 20 feet of the property.

Projecting Sign proposals must specify the distance from the street curb, distance sign projects from building, the clearance from the measured grade level to the bottom of the sign, that there are no more than two faces for the projecting sign and must show that the sign, including both faces, is perpendicular to the building.

Sandwich Board Signs require submittal of a scaled, dimensioned colored graphic of the proposed sign and proposed placement of sandwich board sign.

If necessary, additional fees will be billed at an hourly rate for consulting, legal and engineering review.

After approval from the Village Plan Commission, a Sign Permit is required from the Village Inspection Department.

PIEKAREK ABOVE GROUND POOL APPROVAL

To: The Thiensville Plan Commission

Prepared by: Jonathan Censky

Date: June 10, 2020

Item # III.D

General Information

Applicant:

Darelene Piekarek

Status of Applicant:

Owner

Requested Action:

Approval of an above ground pool

Zoning

R-1 Single Family Residential

Proposed Zoning:

No Change

Location:

611 Riverview Drive

Land Use Plan Designation:

Residential

Existing Land Use:

Single Family Home

Proposal:

While the Zoning Code addresses structures other than buildings, such as fences and sheds, it is silent to recreational structures like play sets and pools, which are found in many backyards throughout the Village. Accordingly, structures of this nature which are incidental to residential uses are typically processed the same as sheds and are subject to the regulations thereof. According to **Section 17.0603. E., Accessory Structures under 150 square feet such as garden or utility sheds, shall be placed or erected in the rear yard provided that no such structure shall be closer than 5 feet to the principal structure, shall not exceed 12 feet in height and shall not be located closer than 3 feet to any property line.**

In this instance, the applicant is requesting approval of an above ground pool on their property at 611 Riverview Drive. The pool will be in the rear yard and measures 22 feet long, 12 feet wide and will stand 4 feet tall. Included in your packet is a picture of the proposed pool and the manufacturer's information.

Planner's Comments:

My review indicates full compliance with the dimensional requirements of the accessory structure section of the code. Since the plan does not show the specific location of the pool, I recommended that it be placed closer to their home than any lot line. Since this is not a structure, a building permit is unnecessary.

To: Village of Thiensville - Gary Achterberg
Subject: Pool

CAUTION: This email originated from outside of the organization. Do not click links, open attachments, or reply unless you recognize the sender and know the content is safe.

Dear Gary,

Thank you for your help with the pool permit process. I have attached two photos. The first is a plat map of our yard at 611 Riverview Dr., Thiensville. It's a total of 1.37 acres and the dimensions are approximately 154 feet wide and 374 feet long. The house is closer to the street which is where the 611 is printed on the enclosed plat map. Fully 2/3 of the total lot is empty and open backyard. We've also enclosed a photo of the marketing materials for the oval frame pool. It is 22 feet long and 12 feet wide. Our plan would be to place it more or less in the center of our backyard. Thus we have 154 feet of width in the lot to work with to fit a pool that is only 22' x 12'. So we'd have plenty of room to set back from the lot line and the neighbors on either side. I hope this information is adequate for the committee and thank you again for your help with this process.

Dee Piekarek

FIFTH AND MAIN – WAIVER AND SIGN PLAN

To: Thiensville Plan Commission

Prepared by: Jon Censky, Village Planner

Date: June 10, 2020

Item # III.E.

General Information:

Applicant:

Mikelle Flanner

Status of Applicant:

Business Owner

Requested Action:

Sign Code Waiver and Plan approval

Existing Zoning:

B-1- Central Business District

Proposed Zoning:

No Change

Location:

174 South Main Street

Land Use Plan Designation:

Business

Existing Land Use:

Business

Proposal:

The applicant has submitted a concise and comprehensive summary of their ongoing business and operational plan indicating how their business has been affected by the Corona Virus and how they plan on going forward. Considering that, they are here requesting approval of their revised business identification signage for their site at 174 South Main Street.

The applicant is proposing one projecting sign over her Main Street entrance and two wall mounted signs. The projecting sign measure 70" X 14" for 6.81 square feet in size and because it extends over the front sidewalk **Section 16.17D.1.** required that: ***The owner must file with the Village Clerk a current certificate of insurance before he/she shall be permitted to install a projecting sign over a public right-of-way, and must maintain a certificate of insurance that complies with the terms of this ordinance at all times while the sign is displayed.*** **Section 16.17D.2** requires that the certificate ***must have commercial general liability aggregate of a minimum of \$1,000,000.00 and must name the Village of Thiensville as an additional insured party.***

The two wall mounted signs measure 16.98 square feet and 24 square feet in size and because they are proposed for the side of the building, they are not code compliant as the code permits wall mounted signs on the front elevation only. Therefore, the applicant must seek a waiver for these two signs. Commissioners are reminded that you do have the authority to grant such a waiver under **Section 16.24 Variances** which states: **The Plan Commission may, in its judgement, waive or modify the provisions of this chapter where it would further the public interest.**

Staff Comments:

If Commissioners grant the waiver to allow the two wall mounted signs, determination of the signage size is your discretion. Otherwise staff has no objection subject to the following:

- Filing with the Village Clerk a current certificate of insurance as required under Section 16.17D. 1 and 2 of the sign code.
- The applicant securing a sign permit prior to installation.

Fifth-Main / E-Collectique, LLC

Location: 174 S. Main Street, Thiensville, WI 53092

E-Collectique, LLC, has been operating at 174 S Main Street in Thiensville since 2012 and during COVID-19 embraced the opportunity to rebrand to DBA "Fifth Main". In coordination with this change we are looking to perform exterior building maintenance as well as update / replace exterior signage.

Fifth-Main is a local community-based Buy-Sell-Trade. In coordination with our sustainable resale element, we have recently introduced the sale of new fashions. Our eco-conscious mission statement: "A community based, global-minded company focused on extending the lifecycle of wearable goods; while providing opportunity, innovation, and organization within the industry of sustainable fashion and resale."

Our clean, modern and timeless aesthetic, that our customers have come to know and expect from E-Collectique, will continue with our rebranding to Fifth-Main. As a small locally owned business, which is immersed in the competitive resale clothing market, presenting a clean and organized storefront is crucial to our success. Our 1940's, single story, classically modern building at 174 S Main Street has provided the perfect canvas for this aesthetic. The building is rectangular in shape and is highlighted with Cuboid Ashlar stone and stucco. The building has straight aluminum trim along its flat roof line and art-deco inspired angles framing the front entrance. The rear portion of the building faces the Milwaukee River which provides a beautiful backdrop for all those visiting the store.

Throughout the past several years the rear windows of the building have started showing their age. The wood frames and make-shift/poorly fitted storm glass windows have led to a plethora of issues from poor heating / cooling to allowing entry and encasement of unwanted insects. Being that the windows proposed for replacement are on the rear of the building, abutting the Milwaukee River, not only brings us the need for clean lined, well-sealed windows. Fifth-Main is not looking to make any exterior / structural changes regarding the windows but would like to replace the existing with energy efficient aluminum framed windows. For security reasons and efficiency all windows will be non-opening (existing are already non-opening or have not had the ability open since the building was acquired). These new windows will fit within the buildings existing structure / appearance and better highlight the downtown Thiensville riverfront views. After the installation of the much-needed new windows the business intends to complete other exterior building maintenance such as cleaning of the stonework, minor repairs (paint) to the existing front entry (again the intent is not to make changes but to maintain, repair, and replace what is already existing), and standard repairs to the front awnings roof and underside/ceiling.

In addition to performing exterior maintenance / repairs, Fifth-Main is looking to refresh all exterior signage. Since 2012, the building has had one rectangular, two-sided, projecting sign (supported by an existing bracket) directly above the front entrance. Although the company has been at this location for 8+ years we still experience trouble directing customers to our business's location. The tree lined Main Street is often busy with both pedestrian and automotive traffic. As a business we have found that the one sign does not provide adequate information/direction to those passing by or those trying to locate the Fifth-Main storefront. As such, we are proposing the addition of a sign on the north and south ends of the building. Prior to the purchase of this building signs had been affixed to these same spots. The old signs left staining on the stonework that we have been unable to correct through cleaning. The proposed location of the new signs would assist in the covering of these defects.

All signs are being designed and created using high-end, durable materials for a clean timeless aesthetic. The proposed signs will not only match the aesthetic of our business but also harmoniously blend with the building and surrounding community. The signs will be black and white in color; featuring only the name of the business, "Fifth-Main" (no other logo or wording). All signs will be manufactured using 6mm DiBond (aluminum bonded to a solid polyethylene core) which is a long

lasting rustproof, waterproof, rot proof material that does not yellow in time. The north and south signs will be rectangular in shape (matching the angular lines of the building itself) and feature 3M 680 CR cut vinyl boarder and text. The projecting front entrance sign will also be rectangular shape but will be made narrower (than the existing sign. The sign will be hung using metal carabineers, eye hooks (similar to the existing and other hanging signs along Main Street) and will be discretely chained to the wall of our building. The new signs proposed for the north and south walls will feature historically inspired cabinet maker light fixtures. These fixtures will emit directly onto the signs in a manner intended to highlight but not overwhelm the building, surrounding area or roadway.

The current Thiensville village code allows for two exterior signs (one wall and one projecting). Given the shape, location, and overall aesthetic we feel three signs would achieve a symmetrical efficient design, assisting patrons coming from both directions along Main Street. The hanging front entrance sign makes use of the existing bracket and keeps with the aesthetic of other business along Main Street but can be visibly hidden by the trees planted along the front sidewalk. Taking the Village code into consideration, the proposed signs have been designed to be well under the allowed 50 square feet. All three signs combined come to 38.74 square feet total. Please refer to the provided sketches and photo mock ups.

We thank you in advance for your consideration of our requests and we are available should you need any additional information in order to achieve approvals.

Sincerely,

Mikelle Flanner for E-Collectique, LLC (DBA Fifth-Main)

Projecting Sign specifications as required by the Sign Review Application:

Distance from street curb: 48"

Distance sign projects from the building: 75"

Existing bracket: 80" x 80"

Clearance of the measured grade level to the bottom of the sign: 165"

SIGN REVIEW APPLICATION - \$150.00 FEE
Please Allow Two (2) Weeks for Sign Review

THIS APPLICATION BEGINS THE REVIEW PROCESS BY OUR PLANNING CONSULTANT JON CENSKY WHO PERFORMS INITIAL REVIEW OF THE SIGN(S). The sign specifications must be submitted to the Village Hall at least 2 weeks prior to the Plan Commission and/or the Historic Preservation Commission meeting for review by Jon Censky. If in the Historic District, you must attend a Historic Preservation Commission meeting prior to Plan Commission.

Mr. Censky will review the sign(s) to see if they meet the Village Sign Code requirements and make a recommendation to the Plan Commission via a written report. At this time **SEVEN (7) FULL SIZE COPIES OF THE COLORED SIGN GRAPHICS AND ONE SCALE SITE PLAN** are required in addition to submittal of the **SIGN PERMIT APPLICATION** form to the Village Hall, 250 Elm Street, Thiensville two weeks prior to the meetings. Additional copies may be required upon request from Village staff.

Contractor Phone 262-377-8841 Contractor Fax _____

Estimated Project Cost: \$ TBD

Sign(s) requested: (check all that apply) ☒ Wall ☐ Monument ☒ Projecting
☐ Marquee, Awning or Canopy ☐ Sandwich Board ☐ On-site Directional Signs

Colored plans must include a scaled sketch of the proposed sign labeling dimensions and area, lettering (including height), colors, types of materials, method of illumination, height and dimensions of the pole or mounting bracket, and date of preparation. A summary of all existing signs that will remain on the site (including dimensions) is also required. Color and material samples must be provided for sign review.

Wall Sign, Marquee, Canopy or Awning Sign proposals must specify building elevation or a photograph of the façade on which it will be located, including a dimensioned shape showing where the sign will be placed and what size it will be.

Ground Mounted Signs and On-Site Directional Sign proposals require submittal of a scaled, dimensioned site plan, plot plan, or survey showing the proposed sign location in relation to driveways, parking areas, sidewalks, property lines, streets, and other signs on and within 20 feet of the property.

Projecting Sign proposals must specify the distance from the street curb, distance sign projects from building, the clearance from the measured grade level to the bottom of the sign, that there are no more than two faces for the projecting sign and must show that the sign, including both faces, is perpendicular to the building.

Sandwich Board Signs require submittal of a scaled, dimensioned colored graphic of the proposed sign and proposed placement of sandwich board sign.

If necessary, additional fees will be billed at an hourly rate for consulting, legal and engineering review.

After approval from the Village Plan Commission, a Sign Permit is required from the Village Inspection Department.

GIBSON HOME ADDITION

To: The Thiensville Plan Commission

Prepared by: Jonathan Censky, Village Planner

Date: June 10, 2020

Item # III. F & G

General Information

Applicant:	James and Paula Gibson
Status of Applicant:	Property Owner
Requested Action:	Approval Addition
Zoning	R-2 Single Family Residential District
Proposed Zoning:	No Change
Location:	343 East Freistadt Road
Land Use Plan Designation:	Single Family Residential
Existing Land Use:	Single Family Residential

Proposal:

The applicant is requesting approval of an addition off the back side of their home at 343 East Freistadt Road. This addition will extend 19' back from the south elevation on the same plane of the west elevation. Access to the new home addition will be from the south side through patio doors from a new wood porch with stairs to the back yard. The plans provide a secondary access to the existing home at the east corner of the south elevation where an existing window will be replaced with a new door and two new windows will be added to the existing north elevation. The new addition will be of smart siding with 4" exposure to match that of the existing siding.

Planners Comments:

This addition is designed to complement the look of the home in terms of color, material, and roof slope. The applicant will have sample siding material for your review at the meeting. The design is in keeping with the look of the existing building and will be attractive to the character of the neighborhood. My review indicates full compliance with the dimensional requirements of the zoning code. Accordingly, this Planner has no reason to object subject to:

- Siding exposure and color to be the same as that of the existing structure.
- The applicant securing a building permit prior to construction.

Garage:

As part of this renovation project, the applicant will be constructing a new garage in the rear yard southeast of the home. This garage measures 24' X 22' and be 15' tall at the peak with a 6/12 roof pitch. The siding will be Granite colored Norandex D4 with white trim color and the roof will be black asphalt shingles.

While the plans show two existing accessory buildings in the back yard, the applicant has indicated that the existing barn will be razed as part of this project. To be code compliant, the garage will need to meet the required 3-foot setback. Accordingly, staff recommends approval subject to the following:

- No building permit shall be issue for the garage until the razing permit to remove the garage is secured.
- The proposed garage shall be setback from the adjacent property line by 3'
- The applicant securing a building permit prior to construction.

GIBSON HOME ADDITION

To: The Thiensville Plan Commission

Prepared by: Jonathan Censky, Village Planner

Date: June 10, 2020

Item # III. F & G

General Information

Applicant:	James and Paula Gibson
Status of Applicant:	Property Owner
Requested Action:	Approval Addition
Zoning	R-2 Single Family Residential District
Proposed Zoning:	No Change
Location:	343 East Freistadt Road
Land Use Plan Designation:	Single Family Residential
Existing Land Use:	Single Family Residential

Proposal:

The applicant is requesting approval of an addition off the back side of their home at 343 East Freistadt Road. This addition will extend 19' back from the south elevation on the same plane of the west elevation. Access to the new home addition will be from the south side through patio doors from a new wood porch with stairs to the back yard. The plans provide a secondary access to the existing home at the east corner of the south elevation where an existing window will be replaced with a new door and two new windows will be added to the existing north elevation. The new addition will be of smart siding with 4" exposure to match that of the existing siding.

Planners Comments:

This addition is designed to complement the look of the home in terms of color, material, and roof slope. The applicant will have sample siding material for your review at the meeting. The design is in keeping with the look of the existing building and will be attractive to the character of the neighborhood. My review indicates full compliance with the dimensional requirements of the zoning code. Accordingly, this Planner has no reason to object subject to:

- Siding exposure and color to be the same as that of the existing structure.
- The applicant securing a building permit prior to construction.

Garage:

As part of this renovation project, the applicant will be constructing a new garage in the rear yard southeast of the home. This garage measures 24' X 22' and be 15' tall at the peak with a 6/12 roof pitch. The siding will be Granite colored Norandex D4 with white trim color and the roof will be black asphalt shingles.

While the plans show two existing accessory buildings in the back yard, the applicant has indicated that the existing barn will be razed as part of this project. To be code compliant, the garage will need to meet the required 3-foot setback. Accordingly, staff recommends approval subject to the following:

- No building permit shall be issue for the garage until the razing permit to remove the garage is secured.
- The proposed garage shall be setback from the adjacent property line by 3'
- The applicant securing a building permit prior to construction.
