**VILLAGE OF THIENSVILLE
OZAUKEE COUNTY, WISCONSIN
ORDINANCE NO. 2023-03
AN ORDINANCE AMENDING THE SIGN CODE RELATING
TO A-FRAME SIGNS, FEATHER SIGNS AND OTHER
PROHIBITED SIGNS**

WHEREAS, the Village Board of the Village of Thiensville desires to amend the Village of Thiensville sign code related to A-Frame Signs, Feather Signs and Other Prohibited Signs of the Village of Thiensville Municipal Code.

NOW, THEREFORE, the Village Board of the Village of Thiensville, Wisconsin, hereby ordains as follows:

SECTION 1. Sec. 16.4 of the Village of Thiensville Sign Code is amended by inserting the following text into the section, in alphabetical order, between the definitions of “*Face*” and “*Flashing sign*” as follows:

Feather Signs: A feather sign is a temporary sign typically constructed of a shaft, driven into the ground or standing with supports, with an attached pennant that is vertically elongated and attached to the shaft, made of fabric, plastic or similar material, and is intended to move in the wind. Feather signs are also known as feather flags, feather banners, banner flags, bow flag, wind feather and tear drop signs.

SECTION 2. Sec 16.10 of the Village of Thiensville Sign Code is amended as follows (underline indicates addition to existing code):

S. Cold or hot air balloons, inflatable signs and tethered balloons with or without advertising. Inflatable signs with or without advertising designed to move about in the air or remain suspended in the air.

SECTION 3. Section 16.17a(E) of the Village of Thiensville Sign Code is amended as follows (strikethrough text indicates deletion to existing code, underline indicates addition to existing code):

E. A-frame/Sandwich Board Signs. No A-frame sign shall be permitted until a permanent sign has been permitted for the premises.

1. One A-frame Sign is allowed per business by permit. Permits are issued by the zoning administrator and expire annually on June 30th of each year.
- ~~12.~~ One A-frame Sign is allowed per business by permit and shall stand no more than 4 feet in height with each sign surface not to exceed 8 square feet. A-frame signs shall not exceed fifteen (15) square feet per side and shall be placed on private property. A-frame signs shall be secured in a manner acceptable to the Building Inspector.
- ~~32.~~ A-frame signs can only be placed within the linear building frontage of the business or entity it represents and can only advertise that business.
- ~~34.~~ A-frame signs can only be displayed during the business hours of the entity it

represents.

5. A-frame must be built in a professional manner of durable materials such as wood or plastic composites. ~~that mimic wood and must be framed around the edges.~~

~~56.~~ A-frame signs must be placed so as not to block building entrances, exits, sidewalks, or other traveled right-of-way areas, and on private property when available. If there is no private location for an A-Frame sign, only then will public right-of-way be considered for placement.

6. A-frame signs must be adequately weighted or anchored to prevent movement by wind or other elements.

~~7. No A-Frame/Sandwich Board shall be displayed while Feather Banner sign is displayed. No A-Frame/Sandwich Board shall be displayed while a horizontal banner is displayed.~~

8. A-Frame signs must include the business name and/or logo on both sides.

SECTION 4. Section 16.17a(G) of the Village of Thiensville Sign Code is hereby created.

E. Feather Banners/Flags. No feather banner shall be permitted until a permanent sign has been permitted for the premises.

1. One feather banner is allowed per business by permit. Permits are issued by the zoning administrator and expire annually on June 30th of each year.
2. Feather banners shall stand no more than 10 feet in height with each sign surface not to exceed 16 square feet.
3. Feather banners shall be placed on private property. Feather Banners shall be secured in a manner acceptable to the Building Inspector.
2. Feather banners can only be placed within the linear building frontage of the business or entity it represents and can only advertise that business.
3. Feather banners can only be displayed during the business hours of the entity it represents.
4. Feather banners must be built in a professional manner of durable materials. Feather banners must be free of defects, tears, or fading.
5. Feather banners must be placed so as not to block building entrances, exits, sidewalks, or other traveled right-of-way areas, and on private property.
6. Feather banners must be adequately weighted or anchored to prevent movement by wind or other elements.
7. No feather banner shall be displayed while an A-Frame/Sandwich Board sign is displayed. No Feather banner shall be displayed while a horizontal banner is displayed.

8. Feather banners must include the business name and/or logo on both sides.
9. Feather banners are allowed at permitted community based special events and festivals. They may only be displayed from 24 hours prior to the time the event is first open to the public and removed at the end of the last day of the public portion of the event.

SECTION 5. Severability. If any provision of this ordinance is invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the other provisions of this ordinance.

SECTION 6. Effective Date. This ordinance shall take effect upon its passage and publication as provided by law.

Passed and adopted this _____ day of _____, 2023.

Mr. Andy LaFond
Director of Community Services/Public Works
Village of Thiensville

RE: 2023 Paving Program

Dear Mr. LaFond:

Bids for the above project were opened on April 27, 2023 at 10:00 a.m. at the Village Hall and were as follows:

	BIDDER	BASE BID
1.	<u>Payne and Dolan, Inc.</u>	<u>\$387,317.80</u>
2.	<u>Stark Pavement Corporation</u>	<u>\$407,333.50</u>
3.	<u>Wolf Paving Co., Inc.</u>	<u>\$422,412.50</u>

We reviewed the documentation submitted by the apparent low bidder and found that:

1. The Bid Form has been appropriately completed.
2. We have no objections to the low bidder.
3. Low bidder has successfully completed similar projects.

On these bases, we recommend that Payne and Dolan, Inc. be awarded the 2023 Paving Program contract, in the amount of \$387,317.80. This amount is based on the bid unit prices and estimated quantities. Actual quantities, and therefore the final contract price, may vary. On all construction projects unpredictable factors may increase the final contract amount. For this reason, we recommend that the Village include a 10 percent contingency when preparing the financial plan for this work.

Our review did not include an evaluation of bidder's current financial condition nor of their permanent safety program.

Should you decide to accept our recommendation, we have prepared the enclosed Notice of Award for your use. After Board approval has been received, please have the appropriate official sign where indicated and forward a signed copy of the Notice of Award to our office. We will then fill in the date at the top of page one and forward it, with contracts for execution, to the Contractor. One fully completed Notice of Award will be returned to you for your records.

Bids remain subject to acceptance until June 26, 2023, unless Bidder agrees to an extension. Please advise us of your award decision or call if there are any questions.

Respectfully,

RUEKERT & MIELKE, INC.

RESOLUTION NUMBER 2023-09

A RESOLUTION IN SUPPORT OF A
FUND FOR LAKE MICHIGAN GRANT
FOR PIGEON CREEK

It is hereby ordained by the Village Board of the Village of Thiensville, Ozaukee County as follows:

WHEREAS, the Village of Thiensville (the “Village”) is interested in obtaining a cost-share grant from the Fund for Lake Michigan; and

WHEREAS, the Fund for Lake Michigan grant is for the purpose of water quality monitoring and planning that informs and leads on-the-ground restoration and water quality improvements of the Pigeon Creek; and

WHEREAS, the mission of the Fund for Lake Michigan is to improve the health of Lake Michigan, its shoreline and river systems, for the benefit of the people and communities that rely on it for the water, recreation and commerce. The Fund for Lake Michigan gives priority to on-the-ground projects that have near term, direct and quantifiable impacts on water quality in the Lake Michigan watershed; and

WHEREAS, a grant agreement is requested to carry out the project; and

WHEREAS, the Village of Thiensville will meet the financial obligations necessary to fully and satisfactorily complete the project with funds reserved in the Stormwater Management Fund; and

THEREFORE, the Village Board requests financial assistance for the Pigeon Creek Stream Restoration Project for consideration at an amount of \$48,000 from the Fund for Lake Michigan and will comply with all requirements of the program and hereby authorizes the Village Administrator and the Director of Community Services to act on behalf of the Village to submit an application, sign documents and take necessary action to undertake, direct and complete approved grant activities.

PASSED AND ADOPTED by the Village Board of the Village of Thiensville this 1st day of May, 2023.

1. Name of Organization	2. Project Title:
Village of Thiensville	Pigeon Creek Restoration & Access Improvements - A Habitat Restoration & Community Engagement Project
3. Brief Summary of the Project: <i>Please include: 1) the problem the project intends to address, 2) the activities your organization will conduct for this project, and 3) the outcomes you hope to achieve for water quality. <u>Your summary should fit in this box.</u> Please note that this document will be shared directly with the trustees of the Fund for Lake Michigan.</i>	
The Village is seeking financial assistance to continue the engineering design plans, and construction of, the Pigeon Creek Restoration project. Pigeon Creek is a 6.8 mile waterway located in southwest Ozaukee County with an 11.5 square mile watershed. Pigeon Creek is located in the Milwaukee River South watershed, which has elevated runoff impacts to streams, lakes, and groundwater. The project area includes approximately 2,120 linear feet of Pigeon Creek prior to its confluence with the Milwaukee River in the Village of Thiensville. The project goals are to stabilize 2,000 linear feet of streambank, improve existing stream form and function, and increase public access to Pigeon Creek within the Village of Thiensville. The outcome of this project will be a reduction in loading of Total Phosphorous (TP) and Total Suspended Solids (TSS) into the Milwaukee River and Lake Michigan basin. Funds from the Fund for Lake Michigan (FFLM) will be utilized to complete the engineering design plans as well as for construction activities relating to the restoration and stabilization of approximately one acre of Pigeon Creek shoreline and approximately 2,120 linear feet of stream morphology and habitat improvements. The improvements will result in immediate benefits which will result in measurable, long term and sustainable water quality improvements. The Village has already completed the conceptual design plan for the Pigeon Creek Restoration and begun initial plan set design. Funding support from the FFLM will help to complete engineering design, obtain permits, contribute to a robust outreach program in the community, and initiate construction activities. The goals and achievable outcomes include: <u>Completion of Engineered Design Plans:</u> Complete engineering design plans for the restoration of natural channel morphology (form and function) to 2,120 linear feet of Pigeon Creek, stabilization of 2,000 linear feet of streambank, and restoration of the riparian emergent marsh/forested floodplain complex. <u>Permitting:</u> Prepare for and conduct coordination / pre-application meetings to inform design alternatives and facilitate agency approvals. Prepare and submit permit applications. Prepare Long Term Monitoring and Management Plan. The long-term monitoring plan will characterize the aquatic in-stream conditions and floristic habitat improvements planned, and provide planting lists, adaptive management measures, monitoring protocols, and success criteria. <u>Improved access and community engagement:</u> Build coordination with Project Partners (MMSD and SEWRPC) and local volunteer organizations (such as Riverkeeper and Ozaukee County Fish Passage Program) to increase public awareness, stewardship and public access to Pigeon Creek and the surrounding riparian corridor. <u>Construction - Waterway and Habitat Improvements:</u> Implement waterway and floodplain restoration design including, geomorphic improvements (restoration of natural channel form and function), riparian corridor restoration, wetland connectivity improvements, and stabilized streambanks. This Project aligns with the regional Water Quality Initiatives and goals set forth by the Wisconsin Department of Natural Resources (WDNR), Milwaukee Metropolitan Sewerage District (MMSD), Southeastern Wisconsin Regional Planning Commission (SEWRPC) and others in studies/plans including the Cedar, Pigeon, Ulao, and Mole Creeks Watershed Restoration Plan (SWEETWATER); Milwaukee River South Watershed Plan 2014 (RiverKeeper); 2013 Total Phosphorus Monitoring Report for Pigeon Creek at Williamsburg Drive at Thiensville WI (WDNR); and the TP Assessment Package Report 2003 to 2013 (WDNR). Together with the Village's previous work on downstream reaches of Pigeon Creek, this restoration will significantly improve the TSS and TP currently entering the Milwaukee River from Pigeon Creek.
